I am a depressed, destitute, lonely and forsaken individual looking to build a support structure/network both for now/immediate concerns and future. I am lost without guidance and family or friends. I have no contacts on the outside and little to no help in here. I have to beg for my hygiene, stamps and coffee. I cannot watch the news because I have no one to buy me my TV. I can't listen to the news ~~because~~ ~~for~~ for the same reason with a radio I have no shoes to exercise with, and no warm winter clothes to put on in the coldest days of winter. I have no one to communicate with about my sorrows, my pain, my reality. I pray and get no answer. I pray and things get worse. I pray and wonder if God hates me. I wonder what I have done to deserve this life. I have 300+ scars on my body, scars upon scars testifying to my anguish and hopelessness. I've attempted suicide so many times I forgot how many, only to pull back at the last second with hope for a brighter day. Who will want me? Who could handle such damaged goods? What woman will want a man such as myself? What will I do for work? How will I discover the fortitude to work? Where will I live? Who will love me?
