①

Peg:

As I said I would I am enclosing my recent statement per your request last month that you stated is your typical policy to help with monthly postage. I received the receipt order this past week, thank you.

I have an update about what has been going with how my now former PO has been applying or trying to apply statutes/laws and policies on me when I get released in a couple months. The judge in Columbia County has scheduled a two (2) hour hearing and has issued subpoenas for both of my former POs to testify and bring/provide copies of all emails, memos, text messages, case notes, etc. to the hearing to testify about. The judge is concerned that they are doing this and applying laws to someone they don't apply to and interpreting laws incorrectly. That hearing is on September 10th at 9am.

Sooo...in short, all is good and going good. On another note, my new PO is very helpful and supportive.

Sincerely,

Robert N. Tesser
