

9-1-19

Dear Peg ☺

Praise God young lady. How are you ???
As usual I sincerely pray that you and
your husband are all well.

I'm responding to your 8-26-19 letter.
Thank you for your kindness to this old
soul. It happened again. Third shift
guards allowed me to be homosexually raped
again. It happened twice and I bled for
3 days swally. I wrote complaining to
the Warden, Medical, Psychology and all
prison administration before and after
it happened. They did nothing included
disregarded all my request to have a
rape kit done. They drugged me by putting
something in my food. When I woke up I
almost fell into shock because there was so
much blood. I fell horrible. I'm
praying for help not to lose my battle
for life. But Peg, I'm so afraid sick
and tired. No one is even willing to think
about helping me including the courts. I
don't know how much longer I can keep going.
I'm scared to eat or sleep at night.
If something positive does not happen soon, I
am afraid of what I might do.

Thank you for the information to contact Carl McDaniel. I will contact him and see if help.

I'm finding it so hard to motivate myself to do anything. I can't let them win. I knew being at this prison would not be better.

Please forgive me. My depression has gotten so bad. Would you please send me some Hard, Very Hard and Samurai Sudoku ???

Thank you for your friendship Reg.
Much love returned,

Sincerely
Derrid
