Hey how you doing? I hope everything for you is okay an everything working out in your favor. As for me im okay just tryin to keep my head up an stay positive an be focus. I'm sorry that I havent been writting you or anythings like that. I ~~do~~ dont have no outside support system or anythings like that. I dont talk to my family or anythings an that bein really stressing me out alot all they have been doing to me is lie about things that are really little. I really appericate you sending me that info about the Co's Rules I really needed that I really enjoy reading that it helped me understand alot of things now that I never new that really matters. But I bein locked up since 2015 an I still havent heard or talked to my family yet sometimes people help me with a 3 way or somethings but it dont last that long cause I try not to be that long on the phone with somebody else phone call. I know you probably wondering why im just writting you out the blue like this but I just ~~wanted~~ got out the hole an I just wanted you to know that I get your mail wen you send it an I appericate that alot it just gives me another reason to keep my head up an keep fighting but I have to admit this 18 1/2 years be settin to me alot but I try my best not to think about it but it's really hard ms. Peggy cause I dont have no outside support an I dont talk to my family. I know just because im in prison the world dont stop but I would just like to hear from them some times atleast though just so I know that they doing good an everything since I bein gone I lost 2 little cousins an my granddad an that really hurted me alot cause I couldnt be there at all an I was really close to my granddad an my ~~two~~ cousins were just babies wen they passed away. I really need your help right now I bein down since 2015 an I still dont have no TV or anythings an I was wonderins can you please help me out an get me a T.V. Cause every time I get a cellmate with a T.V. it be hard for

me to watch what I like to see an this my only stamp that I have so
 if you dont mind can you send me some stamps to please. I know that you
 help people out that's in prison an if you dont mind I would like to
 communicate with you more about things I just really need someone to talk
 to im really tryin to learn more about the system. I know you probably
 married or something so I hope this not to much to ask for or anything you
 the only person I know I can turn to for "help" I didnt know were else
 to turn to so I hope that you dont mind ms. Pessy. I was wondering if you
 can still find me a pen-pal im 25 now so I hope you still remember who
 I am. I'm sending you a JL-Marcus Form with the information on it
 an im sending you a visit form If you ever got some free time an come
 visit me I never had a visit since I bein locked up. I would like for you
 to write me back if you dont mind an let me know what you think an any
 advice you would like to give me im sending you a copy of my account statement
 so that you know I dont have any money or outside support. And that picture
 that you made copies for me can you send some more thanks. But im go end this
 letter with a thank you for bein a good support an helpin us an I pray an hope
 that everything is going well with you out there an I hope I hear from you.
